POSITION SUMMARY

Coach(s) will manage all technical aspects of the Alberta Ski Team (AST) programs. Coaches will work collaboratively with the AASA athletics director to set and manage AST budgets, establish long term development and yearly training plans, establish and cultivate an effective and positive performance orientated team culture, integrate club level athletes into training and competition, and scout and select future generations of the AST. AST Coaches will be evaluated on their ability to maximize the talent of Alberta's developing athletes. Coaches must be capable of working independently or collaboratively as directed and required with Resort partners, Officials and ROCs, AASA Clubs, PST, CAST, & ACA staff, AASA & AST IST providers, AST Equipment pool suppliers, and AASA & AST sponsors. All AST Coaches are expected to be highly effective and professional team players and leaders.

SPECIFIC DUTIES

Design, implement, and monitor the annual training and competition plan for the entire team with specific emphasis on the following:

- Activate all elements of AASA's High Performance Plan;
- A technical and tactical training program for the preparation and competition phases;
- A sport psychology plan for the team including appropriate goal setting and goal review practices;
- A physical training program, which prepares the athletes for the physiological demands of the sport at their current level and addresses their long-term development in the sport;
- Successfully develop and implement long range and annual plans that achieve individual and organization athletic goals.
- The ability to liaison with Alberta's FIS Coaches and act as an ambassador of the organization with a keen focus on tracking the next generation of AST athletes;
- Work collaboratively with sport partners including but not limited to: ACA, CAST, other PSTs, AASA clubs, ski resorts and AASA sponsors;

ALBERTA ALPINE

AST COACH

- Lead an inclusive and robust communications strategy with the AASA office, provincial FIS coaches, athlete's parents, and in some cases, contribute to the AASA social media platform;
- Proactively accommodate the educational needs of student-athletes by making the appropriate programming adjustments to encourage excellence in academics and athletics;
- Manage athlete equipment needs and liaise proactively with equipment representatives to secure the best possible equipment for team members;
- Ensure that vehicles used by the team are operated in a safe manner, kept clean, and that scheduled and other required maintenance is completed in a timely fashion;
- Develop and manage an annual operating budget of upwards of \$600,000.
- Maintain an accurate inventory of all team equipment, ensure the equipment is operated in a safe manner and that maintenance is carried out as required.

DEGREES OF SUPERVISION

The AST coach will consult regularly with the AASA President, Athletic Director, and VP Corporate Services.
