Policy Title

3.7 Limited Quota Competitions Selection and Entry Policy

Policy Objective

Outline the process by which participation at events with limited quota will be determined. The following is the objective of participation and selection for each major age category.

- NGSL/U12: Maximizing participation is the objective. Refer to NGSL U12 Memorandum for further details on race entry process.
- U14: Large quotas will be used for regional events to allow for the maximum participation of U14 skiers. Race quality and venue capacity will be the determining factors in these quotas. National and International events will use smaller quotas. Minimum performance standards for selection to these events will be used to create a selection pool for each event.
- U16: In provincial and regional events large quotas will be used to maximize participation of U16 skiers. Race quality and venue capacity will be the determining factors in these quotas. National and International events will use smaller quotas. Minimum performance standards for selection to these events will be used to create a selection pool for each event.
- U19/U21 FIS: Quotas for FIS events will follow the FIS and Alpine Canada rules for that specific event. Selection for these events will be determined by performance and coaches' discretion.

Policy Approval

The following more clearly outline's the process by which participation at events with limited quota has been created and ratified in order to maintain transparency and clear communication.

- Initial Document will be created by the AASA Athletics Department and Athletics Director
- Document to be reviewed and amended by the AASA age class working groups in close consultation with the AASA AD
- Document to be reviewed by the AASA High Performance Committee (HPC)
- Document posted and communicated to the AASA general membership
