Alberta Alpine Ski Association

Policy Title

5.4 Recognition of seasonal demands of staff

Policy Objective

Clarify the ongoing practice of Christmas week closure and off-season hours.

Procedure

In recognition of the fact that all employees of Alberta Alpine put in all that is necessary during the season to deliver all services Alberta Alpine closes between Christmas and New Years. Furthermore, summer hours will be set at the discretion of the President, to reflect the changing seasonal demands of staff.

This closure, or change in working hours, is done without a deduction from pay for hours less worked due to the extra hours worked during the season.

Scope

All employees.
