

Alberta Masters Ski Club is seeking another coach for our 2022/2023 winter season. The role is for Saturday and Sunday coaching at Nakiska working with Scott Zahn.

Our athletes are 18+ and include a mix of experienced racers, adult racers, and new to racing. We set our foundation in technical skiing and use gates training (and races) to improve our skiing and our ski racing.

Athletes enjoy racing against themselves and against their teammates as everyone pushes to improve and chase their own goals.

Our masters' athletes are self-motivated. The ideal coach will bring a range of ski coaching experience including a background with teaching adults and working with athletes with different goals.

The role begins mid-November and goes to early April. A Nakiska season pass is provided. You must have a current Canadian Coaches Federation certification.

If you are interested in working with a passionate and diverse group of adults, please call Andrew at 403-890-0340 or email [info@albertamastersskiclub.ca](mailto:info@albertamastersskiclub.ca)
