

ALBERTA ALPINE

Members of Alberta Alpine Ski Association,

Regarding the CGL insurance policies which are provided through subsequent membership with Alpine Canada Alpin (ACA), associated with membership of the Alberta Alpine Ski Association (AASA), please be aware that AASA is not responsible for paying the deductible when a claim is filed.

It is the responsibility of the Member Club and individual Membership of that club to determine the party responsible for the deductible associated with any given claim.

The CGL insurance policies are held by ACA and are available to members of AASA through being a member of an AASA club.

It is imperative to ensure each season that your registration is correct and timely, and that all forms are complete and correct, and all balances are paid.

Insurance policy documents are available to view on the AASA website linked below, or through the ACA website.
